To Whom It May Concern

It is my pleasure to certify that M/s Bahrain Electro Mechanical Co. WLL (BEMCO) is currently working here at Bahrain World Trade Center & BCC Complex (Moda Mall 1 & South Tower) as the main contractor for MEP maintenance services for last 10 years.

Services rendered by BEMCO have always been satisfactory and their approach to the works has been professional.

I would not hesitate to recommend BEMCO for providing MEP services to any prospective Client.

Yours Sincerely,
For Cushman & Wakefield Bahrain (WLL)

Surajit Biswas
Senior Operations Manager
Bahrain World Trade Center
